

**DMR upgraded or not**  
Posted by dcollins - 23 Mar 2018 13:56

---

I was able to pick up a used BCD536HP and want to find out if DMR is available for this unit. I know you can purchase it, but if it is already upgraded how do you find out. I am just learning how to use the scanner, so I am not familiar with it yet.

Thanks for any info you can give me.

Using the scanner's menu system....

Settings ---> Upgrade ---> select DMR

if the upgrade has already been applied, it will tell you so.
