

## Uniden BCD436HP antenna

Posted by Peterjames - 21 Mar 2020 20:04

---

Hey everyone,

I'm thinking of putting up a roof top antenna for my Uniden bcd436HP. I live in the Detroit metro area. My scanner is in the basement which I can get close by reception but if I try and get DPD I can't receive it in my basement. Any suggestions on a good outdoor antenna?
