

## Chicago Public Safety & Services Police Units

Posted by BobD - 19 May 2011 20:19

---

Anyone here familiar with Chicago metro area systems?

In the RR database under

Illinois/Cook/County Systems/Chicago Public Safety & Services

are any of these channels in use? I can't hear anything on these. I am new to radio scanning so any help is appreciated.

Only police channels i able to listen so far are CPD Dispatch.

A search feature in Sentinel software would be nice to have for newbie like me.

Thanks.
