

NCSHP Pursuit Wake County 7-27-2011

Posted by KE4ZNR - 28 Jul 2011 17:45

Last night around 9:38pm SHP Troop C3 was involved in a pursuit with a suspect around Wake County. Chain of events occurred something like this:

--Pursuit begins around Westbound I440 (Outer Beltline) around Lake Boone Trail Exit.

--Suspect takes Wade Ave Exit but quickly exits back onto I440 Westbound (Outer Beltline).

--Suspect hits speeds in excess of 105mph around Western Blvd exit.

Suspect also drives on shoulder of road at around 105mph.

--Suspect continues on I440 Westbound until merge with US 1/64 In Cary.

--Suspect Takes Buck Jones Rd Exit off US 1/64 but changes mind and stays on US 1/64 South in Cary.

--Suspect takes Cary Parkway Exit off US 1/64 Southbound.

--Suspect takes right onto Cary Parkway from US 1/64 South. Suspect then tries to ram SHP cruiser around Seabrook Ave and does donuts/circles in road.

--Suspect gets back on Cary Parkway then turns into Stratford Apt Complex off Cary Parkway.

--Suspect then jumps and runs on foot in Stratford Apt Complex. Cary PD checks in with K9 and search for suspect gets underway.

I wish I had the conclusion figured out for you but I don't know if the suspect was apprehended after he jumped and ran.

What I do have is majority of the radio traffic recorded in .wav format from my Uniden HomePatrol HP-1. It is about 9 megs in size and lasts about 10mins.

Feel free to download it:

http://qsl.net/ke4znr/SHP1080/2011-07-27_21-38-13.wav

Happy Monitoring
