

NEW HP-1 Coming in today - Oklahoma Users feedback

Posted by rvacs - 03 Aug 2011 09:09

Hello Oklahoma Users,

I have been scanning for a long time...Since the days of crystals. I have had the gamut of scanners - last one I purchase was a BCT-15. But I decided to get a digital unit and decided to try the HP-1 vs. BCD996XT.

Just curious how that is working out with Oklahoma people?

I live in Tulsa and will mainly listen to the Statewide Trunk - Tulsa Police / OHP etc.

Just wondering how I will like this not having the control as I do with BUTEL ARC15 and my BCT-15...

Anyone in Oklahoma like their unit?

Rich
