

ARC Patrol view of RR Missouri (MO) statewide syst

Posted by DaveinStl - 04 Sep 2011 13:10

In the ARC Patrol View of the RR database, I don't find Missouri statewide agencies, such as DPS (Highway Patrol) either under St. Louis City or County. The only Statewide category for MO contains the MOSWIN P25 system and nothing else. Missouri statewide agencies show up just fine in the RR database when viewed via the RR website and when viewed in Sentinel. I must be missing something.

Any ideas?

Click the green Agencies button, DPS is not a trunk system.
