

Christian County / Hopkinsville

Posted by bgriffin70 - 07 Sep 2015 19:33

So I'm looking for all the Hopkinsville / Christian Co. Kentucky frequencies; looks like the HP Database is missing these. I see there is a number of frequencies in the VEI Communication system, but that is not for public service, police, fire, etc. for Christian Co / Hopkinsville.

Can anyone please advise how to obtain these or if someone can update the HP database ?!?!?

Thx,

BG
