just got my new radio and updated it and have it running. radio looks to be finding everything in my area just fine but i cant hear what i want. im really just interested in hearing Guelph-Welington EMS. i do hear base pages but cant hear radio transmissions. even though radio shows that its scanning for that. what do i do? my postal code is N0G 1A0

hey Mike. what is your location? where is a good place to go for an antenna? or is The Source the only option around here?

I generally buy my antennas at hamfests.

You could probably mail order from RadioWorld or Durham Radio.

Hi Hughes, give this one from Durham Radio a try: www.durhamradio.com/ks3sma-micro-magnet-mobile-scanner-antenna-sma-ontario-canada.html

that's what I'm using with satisfactory results. B)
