they did go over to the marcs system.i still have not been able to come up with a talk id number.the public works dept changed frequencies also but not to the marcs system.the new frequency is 155.220.the fd is also going to go to 155.265.the city pd got a grant to get the new marcs radios is the reason they went to it.

Perhaps you'd get more replies if you stopped creating a separate thread every time you respond?

4 threads on the same subject is a little much.
